

Willard is privileged to have military veterans from our community who have given their time and have risked their lives in service to our country and community. It is these brave men and women who help keep us safe, free, and make us "Proud to Call Willard Home". Many return humbly to Willard after their service to go about their lives, never seeking recognition. These individuals continue to contribute to the well-being of the Willard community with their time and talents.

It is the privilege of the City of Willard to honor these Hometown Heroes of our military starting the week of November 11, 2018 and continuing throughout 2019. Each week, a different Hometown Hero will be recognized on the electronic sign at the Willard City Park, as well as, through the City's Facebook page. If you know a service man or woman that you would like to recognize who currently lives or has lived in Willard or the surrounding townships, please complete and return the following form with a picture to bhamons@willardohio.us
